Skills

Languages: C/C++, Java, Python, JavaScript, TypeScript, SQL, NoSQL

Technologies & Tools: AWS, EC2, DynamoDB, S3, SQS, SNS, Route53 Lambda, Docker, Flutter, Angular, Laravel

Work Experience

Software Developer

Aug 2023 - Present

XORGeek, Bangladesh

- Developed and maintained scalable applications using Angular and AWS.
- Worked on projects including Pet Auction App, Izumi Car Repair Management, and Ginsen Form Management system.
- Built and contributed to mobile applications using Flutter and Firebase.
- Designed and integrated REST APIs with a focus on performance and scalability.
- Technologies: TypeScript, Angular, Flutter, AWS, Firebase, SQL, NoSQL, HTML, CSS.

Software Development Intern

Jun 2023 - Jul 2023

XORGeek, Bangladesh

- Learned and worked with Flutter and Laravel stack for mobile and backend development.
- Assisted in building basic features and understanding application architecture and API integration.
- Technologies: Flutter, Dart, Laravel, PHP, MySQL.

Project Work

- **Pet Auction App:** Developed a cross-platform pet auction application enabling users to list, bid, and manage pet listings. Built using Angular for web and Flutter for mobile with AWS-powered backend services.
Technologies: Angular, Flutter, Dart, AWS
- **KEIAI Order App:** Built a client-facing application for ordering prosthetic products with streamlined order management and backend integration. Developed using Flutter with a Laravel-based backend and AWS infrastructure.
Technologies: Flutter, Laravel, AWS
- **Izumi Web Project:** Designed and developed a car repair and delivery management platform with service tracking and operational workflows. Implemented using Angular and AWS services.
Technologies: Angular, AWS
- **Ginsen Web Project:** Created a dynamic form management system allowing flexible data input and processing. Developed using HTML with AWS backend services.
Technologies: HTML, AWS

Thesis & Publications

- **Traditional Bengali Food Classification and Calorie Measurement Using Machine Learning** — Published in *Journal of Scientific and Technological Research (JSTR)*, Bangladesh Open University (BOU), **2025**.
- **A Deep Learning Approach to Analyze the Relationship Between Gender, Height, Weight, and Basal Metabolic Rate from Face Images** — S. Islam Siam, S. A. H. Chowdhury, Nafi Ahmed & Swapneel Biswas. Published by *IEEE*, **2025**.

Education

Ahsanullah University of Science and Technology, Dhaka

2018 - 2023

B.Sc. in Computer Science and Engineering

CGPA: 3.208/4.00

Relevant Coursework: Data Structures and Algorithms, Object Oriented Programming, Database Systems, Operating Systems, Computer Networks, Software Engineering, Design Patterns, API Development, Advanced HTML/CSS

Leadership and Involvement

- **Program Organizer, AUST CSE Society (Jan 2022 – Jul 2022):** Organized departmental programs, workshops, and technical events for CSE students.
- **General Member, AUST Innovation and Design Club (Jan 2019 – May 2022):** Contributed to innovation challenges, design projects, and club activities.
